INTRODUCTION

Winmate IP65 Stainless B Series with Push Buttons is engineered for automation and industrial applications in food, beverage, and chemical industries. Featuring Intel® processors, SUS 316 stainless steel construction, and a fanless design, these devices ensure durability and hygiene in demanding environments. The full IP65-rated enclosure and edge-to-edge design make cleaning easy, while the rotary switch supports multiple touch modes for varied conditions. Integrated emergency and flat push buttons provide seamless device control, ensuring reliability and efficiency in critical operations.
